SKILLS

Programming: Python, JavaScript, C#, SQL
Web Development: HTML, CSS, React, SQL, PHP
Networking: IP Addressing, Routing, Switching
AI/ML: Machine Learning, Data Processing
Hardware: System Installation, Troubleshooting
Version Control: Git

EXPERTISE

Fullstack Web Development: Proficient in creating responsive, user-friendly websites using **HTML, CSS, JavaScript**.
Backend Development: Skilled in building secure and scalable server-side applications using **Python, PHP**, and **SQL** databases.
AI & Machine Learning: Experience developing AI models for automation, data analysis, and computer vision using **Python** and popular libraries like **TensorFlow** and **scikit-learn**.
Networking: Knowledge of IP Addressing, Routing, Switching, and Network Security with foundational skills from **CCNA training**.
Networking: Knowledge of IP Addressing, Routing, Switching, and Network Security with foundational skills from **CCNA training**.
Version Control: Experienced in **Git** for managing code repositories and collaborating on projects.
System Support: Expertise in troubleshooting software, networks, and hardware-related issues.

CERTIFICATIONS

- **Python 101 for Data Science**, Cognitive Class (Sep 2024)
- **Foundational C# Course**, Microsoft (Aug 2024)
- **Responsive Web Design Certification**, FreeCodeCamp (Jul 2024)
- **CCNA 200-301 Network Fundamentals**, Simplilearn (Aug 2024)
- **Data Science Foundations**, Great Learning (Jul 2024)
- **Digital Marketing**, Great Learning (Jul 2024)
- **Google Play Academy - Store Listing Certificate**, United Latino Students Association (Jul 2024)
- **Legacy JavaScript Algorithms and Data Structures**, FreeCodeCamp (Jul 2024)
- **Hardware Maintenance**, Computer for Schools Kenya, 2023

PROFILE

I am a proactive Junior Fullstack Developer skilled in creating secure, scalable, and user-focused web applications. With expertise in front-end and back-end development, AI, networking, and IT support, I have successfully built dynamic and responsive websites using modern frameworks. Currently pursuing a Bachelor of Science in Computer Science at Maseno University, I am passionate about leveraging technology to solve real-world problems.

EDUCATION

Bachelor of Science in Computer Science

Maseno University, Kisumu, Kenya | 2022 – Present

Relevant Coursework: Data Structures, Algorithms, Software Engineering, AI & ML, Networking

AI & Machine Learning Training

Viscar Industrial Capacity Limited & Orca AI | October 2024 – Present
Focus: AI Automation, Vision Models, and NLP

WORK EXPERIENCE

Junior Fullstack Developer

User Experience Technologies | Oct 2024 – Present

Developing and maintaining secure, scalable, and responsive web applications.

- Designed and developed secure full-stack applications using **HTML, CSS, JavaScript, SQL**, and **Python**.
- Built dynamic web apps with front-end and back-end integration.
- Focused on security, performance, and scalability.

Web Developer Intern

User Experience Technologies | Jun 2024 – Oct 2024

Assisted in developing user-friendly websites and improving website functionality.

- Created responsive web designs using **HTML, CSS, SQL**, and **PHP**.
- Ensured cross-browser compatibility and website functionality.

Web Designer and Python Developer

CodSoft | Oct 2024

Worked on creating visually appealing and user-friendly web pages for clients.

- Developed dynamic web pages using **JavaScript** and responsive **CSS frameworks**.
- Designed interactive, responsive layouts for client websites.

IT Instructor

Computers for Schools Kenya | Feb 2024 - May 2024

Taught computer skills, including popular software packages, hardware maintenance, and basic networking concepts.

Refurbishing Department Technician

CFSK Institute of ICT | Aug 2023 – Oct 2023

Responsible for diagnosing, repairing, and refurbishing computer hardware for reuse

- Installed OS, upgraded systems, and configured networks on refurbished devices.
- Diagnosed and repaired over 50 devices for reuse
